

Land Use Committee Summary

Committee Members Present:

Meeting Date: February 4, 2010

- ☒ Chair Dianne Brudnicki
- ☒ Gary Gill
- ☒ Elizabeth Walker

AGENDA / DISCUSSION ITEMS

- Senior Housing/Affordable Housing
- Industrial Design Standards

OUTCOMES / PROJECTS / ACTIONS

Committee Members Present:

Chair: Dianne Brudnicki
Elizabeth Walker
Gary Gill

Outcomes/Project /Actions

1. Staff provided a conceptual site plan from the property owner of the 145th Village project. LUC reviewed the concept and continued it's policy discussion on Senior Housing.
2. Affordable Housing - same as above
3. Industrial Design Guidelines- Staff reported that they will have a draft policy for the LUC to review sometime in March.
4. Planning department will be short on staff as Amy will be taking maternity leave soon. With the current/projected 2010 work plan it will be imperative to make sure that there is someone who can continue doing Amy's job, so that projects can move along in timely manner or even get done. Since we are limited in our resources, it may be constructive to cross- train and utilize our current staff from other departments. LUC would like the administration team to review this and consider it in their priorities.

COMMITTEE RECOMMENDATION

Committee Recommendation: The Land Use Committee recommended the continuation of senior/affordable housing policy research.
